

The Branch County 911 Center has recently upgraded its emergency notification system. The County is now using the **CodeRED** Emergency Notification System. **CodeRED** is an ultra high-speed telephone communication service for emergency notifications and the distribution of information considered to be important.

The **CodeRED** system will be used to send critical communications, from evacuations to missing children alerts.

When you see the number **866-419-5000** on your caller ID the message is from **CodeRED**. If you want to hear the message again, simply dial the number back.

In order for anyone to receive severe weather alerts (Tornado Warnings, Thunderstorm Warnings and Flash Flood Warnings), individual must sign up for the service.

When you see the number **800-566-9780** on your caller ID the message is from **CodeRED** Weather Warning. If you want to hear the message again, simply dial the number back.

Your contact information remains private and will only be used for community notifications.

Click on the CodeRED icon below to add your information to enable you to receive Emergency Information and Weather Warnings.

The following URL link below will also take you to the website for adding your information:
